► What is **NSLDS**? **The National Student Loan Data System (NSLDS)** is the U.S. Department of Education’s central database for student aid. It receives data from schools, agencies that guaranty loans, the Direct Loan program, and other U.S. Department of Education programs. NSLDS provides a centralized, integrated view of Title IV loans and grants that are tracked through their entire cycle: from aid approval through closure. These same entities have access to information about your student loans and grants.

► The NSLDS Student Access website is available 24/7 (except during times of maintenance).

► At the NSLDS Student Access website you can make inquiries about your Title IV loans and/or grants. The **site displays information on loan and/or grant amounts, outstanding balances, loan statuses, and disbursements.**

► In order to use the NSLDS Student Access website, you will need to provide your **Social Security number (SSN)**, the **first two letters of your last name**, your **date of birth**, and your **FSA ID**.
